International firms with a competitive advantage have real time access to insightful foreign tax knowledge. The right advisor identifies potential opportunities and helps organisations to manage their risk profile. OECD Base Erosion and Profit Shifting Action Plan has changed the international tax landscape, and given the far reaching changes likely to be announced by the OECD, awareness of legislative and regulatory changes has never been so important as it is now.

Our European US Tax Desk was created to help US companies successfully meet these challenges. We can help you ask the right questions, set priorities and define the action plans needed to succeed in the fast-shifting international landscape.

Mazars European US Tax Desk is a platform for companies that have operations in Europe or are looking to invest in Europe. Our professionals are valued business advisors who will work with your organisation to seamlessly integrate it and its European aspirations.

In working with Mazars European US Tax Desk, clients will have access to a wealth of multi-faceted, cross border experience in areas such as:

- International tax structuring
- Transfer pricing
- Inbound and outbound investment, including start-ups, reorganisations, mergers and acquisitions
- Intellectual property planning
- Financing structures
- Financing international operations
- Cross-border taxation of financial instruments
- Treaties – interpretation and maximisation of benefits
- Management of withholding tax obligations
- Research and development tax credits
- Controlled global company rules
- Cross-border financing, leasing and licensing
- Worldwide tax management
- Corporate acquisitions and divestments

The changing international tax landscape requires dynamic businesses to fuse the latest tax insights with practical, pro-business advice. Mazars European US Tax Desk will work with you to fulfil your European aspirations.

Your contacts at the European US Tax Desk are seasoned international tax advisors with in-depth knowledge of the jurisdictions that traditionally are hubs into Europe. They are your bridge to Mazars’ tax advisors, outsourcing specialists, auditors and other financial and legal consultants in the other European jurisdictions.
